The Analytics and Data Science Institute and the MS in Healthcare Management and Informatics at Kennesaw State University presents Women in Data Science@KSU.

Come learn more about working in a career in Analytics and Data Science in the Healthcare field!

This session will be led by Polly Mitchell-Guthrie. Polly Mitchell-Guthrie is the Director of Analytical Consulting Services within Enterprise Analytics and Data Sciences at the University of North Carolina Health Care System. Previously she was Senior Manager of the Advanced Analytics Customer Liaison Group in SAS’ Research and Development Division, where her team served as a bridge between R&D and external customers and internal SAS divisions. Before that she was Director of the SAS Global Academic Program, leading SAS’ outreach to colleges and universities worldwide to incorporate SAS into their teaching. Polly began her career at SAS in Strategic Investments and later served in Alliances, after working in the nonprofit sector in philanthropy and social services. She has an MBA from the Kenan-Flagler Business School of the University of North Carolina at Chapel Hill, where she also received her BA in Political Science as a Morehead Scholar. She has been active in the INFORMS professional association, including terms as the Chair and Vice Chair of the Analytics Certification Board and Secretary of the Analytics Society.

Please RSVP to Cara Reeve (cmisurac@kennesaw.edu). Seating is limited. Refreshments will be served.
